Wintersleep

Patrick Nuo

Another hour
Another day
Another year goes by
I try to resist
I try to keep everything inside

I'm wide awake
I'm wide awake
About to fall so deep
Into
I put my heart
I put my heart
In a wintersleep

So many places
I have been and I have seen ‘til now
But I reserve the most precious one for you
Somehow

I'm lonely in a crowd
It's cold out here without you by my side
Tonight

I'm wide awake
I'm wide awake
About to fall so deep
Into
I put my heart
I put my heart
In a wintersleep

I'm trying to be patient
And I wait for your salvation
Another year so silent here

I'm wide awake
I'm wide awake
About to fall so deep
Into
I put my heart
I put my heart
In a wintersleep

I put my heart
I put my heart
In a wintersleep

I put my heart
I put my heart
In a wintersleep
