

# City of Angels

30 Seconds To Mars

There was truth  
There was consequence  
Against you, a weak defense  
Then there's me, I'm seventeen  
Looking for a fight

All my life I was never there  
Just a ghost running scared  
Here our dreams aren't made-  
They're won.

Lost in the city of angels  
Down in the comfort of strangers  
I found myself in the fire burned hills  
In the land of a billion lights

Bought my fate straight from hell  
Second sight has paid off well  
For a mother, a brother and me

The silver of a lake at night  
The hills of Hollywood on fire  
A boulevard of hope and dreams  
Streets made of desire

Lost in the city of angels  
Down in the comfort of strangers  
I found myself in the fire burned hills  
In the land of a billion lights  
I found myself in the fire burned hills  
In the land of a billion lights  
(Of a billion lights, of a billion lights, of a billion lights...)

Angels  
Angels

I am home, home, home, home

Lost in the city of angels  
Down in the comfort of strangers  
I found myself in the fire burned hills  
In the land of a billion lights

One life, one love live  
One life, one love live  
One life, one love live  
One life, one love

The city of angels  
The city of angels  
The city of angels  
The city of angels
