

They wanted us to break  
Confronted us with hate  
Four monkeys saw but couldn't do  
They've churned ideas to tears  
They've shattered all our hopes and fears  
Herded us down their way  
No matter how they've tried to prey  
They couldn't change us anyway

[CHORUS]

As I walk through the valley of the shadow of death  
I hope, I hope there is somebody left  
Somebody like you  
Somebody like me  
I try to listen but all I hear is my breath  
I know, I know I'm gonna find somebody  
Somebody like you  
Somebody like me

Think about it, take your time  
Time to get it  
We'll say it once and for all now  
Tear down the pall now  
It's a stoney path but I'm a walk it on my own now

[CHORUS]

We call your bluff and you know you don't want that  
We'll take 'em up one by one  
When we come back  
And when they reach out for a helping hand  
Maybe they understand

As I walk through the valley of the shadow of death  
I hope, I hope there is somebody left  
Somebody like you  
Somebody like me

[CHORUS]
