

# Hurricanes

## 7eventh Time Down

It started with a single offshore cloud  
A little bit of rain, then the thunder sounds  
And before you know it, I'm running for cover  
Fighting for my life  
I've never been hit so hard, so fast  
With nowhere to hide behind the breaking glass  
But I believe the one whose voice calmed the water  
Will rescue me tonight

When it rains, when it pours  
When the sky falls down  
When the waves crash ashore  
God I know somehow  
You're going to get me through  
I know you'll get me through  
Every storm that I face  
Every rising tide  
Your love never fails  
I know you're by my side  
I won't be afraid  
'Cause you are stronger than these hurricanes

Maybe this is right where you wanted me  
Crying out to you down on my knees  
I've never been weaker or felt so much fear  
But I know you're here, Jesus you're here

When it rains, when it pours  
When the sky falls down  
When the waves crash ashore  
God I know somehow  
You're going to get me through  
I know you'll get me through  
Every storm that I face  
Every rising tide  
Your love never fails  
I know you're by my side  
I won't be afraid  
'Cause you are stronger than these hurricanes

You won't let me go  
You won't let me go
