

Meet the Wolf

A Pale Horse Named Death

Hey there riding hood
won't you please meet the wolf
would let me come inside
let me under, under the covers
let me come between your thighs

I know when you squirm like a little girl
I know your addicted

Hey there riding hood
won't you please meet the wolf
I swear I'll make you feel all right
Make your flowers bloom
Make your honey flow
Be your black dog scratching at your door

I know when you squirm like a little girl
I know your addicted
I know when you squirm like a little girl
I know your addicted

Hey there riding hood
won't you please meet the wolf
Would you like laying with the devil
even though just a beginner
Turn you into a sinner
Be your lover forever and ever

I know when you squirm like a little girl
I know your addicted
I know when you squirm like a little girl
I know your addicted
