

You Are Jesus

Aaron Gillespie

It doesn't matter who I was
It doesn't matter where I've been
Your grace is all I'm chasin'

Doesn't matter when I wake
Doesn't matter when I sleep
Your arms are open for me

I am complete
'Cause You said I could breathe
I am made clean
And to You I will sing
You are Jesus, You are Jesus
You are everything I need
You are holy, I am dirty
In You I am made clean
You are Jesus

You get my brain when it's movin' backwards
You hear my voice when I'm screamin'
You felt my pain so long ago
You paid it all just for me

I am (I am) complete (complete)
'Cause You said I could breathe
I am (I am) made clean (made clean)
And to You I will sing
You are Jesus, You are Jesus
You are everything I need
You are holy, I am dirty
In You I am made clean
You are Jesus

I am (I am) complete (complete)
'Cause You said I could breathe
I am (I am) made clean (made clean)
And to You I will sing
You are Jesus, You are Jesus
You are everything I need
You are holy, I am dirty
In You I am made clean
You are Jesus
