

In Your Dreams Brah!

Abandon All Ships

You thought you had me fooled.
But you have no clue what's in store for you.
Sleepless nights and dreaming of you when dreams become nightmares.
So blame me for what I'll do.
What I'll do.
Fuck.
You've fallen victim to, the lie and it's just me and you.
You've fallen victim to the lie, but now it's just me and you.
And now it's just me and you.

One.
This could all be solved with a gun.
Two.
If this is true then it's too bad for you.
Three.
For everything you've done for me.
Four.
You'll burn in hell, you fucking whore.
Ow.

Baby, don't cry, don't scream.
Just close your eyes and pray that this is a dream.
True...pray that this is a dream.
It's all a dream.

Baby, don't cry, don't scream.
Just close your eyes and pray that this is a dream.
Pray that this is a dream.
