And the chocolate pudding Pushed me with all its might

```
"This is a song..."
"This is uhh, This is a new song..."
"It's through the eyes of one of the greatest people alive, I feel..."
"The Lunchlady"
Woke up in the morning
Put on my new plastic glove
Served some reheated salisbury steak
With a little slice of love
Got no clue what the chicken pot pie is made of
Just know everything's doing fine
Down here in Lunchlady Land
Well I wear this net on my head
'Cause my red hair is fallin' out
I wear these brown orthopedic shoes
'Cause I got a bad case of the gout
I know you want seconds on the corndogs
But there's no reason to shout
Everybody gets enough food
Down here in Lunchlady Land
Well yesterday's meatloaf is today's sloppy joes
And my breath reeks of tuna
And there's lots of black hairs
coming out of my nose
In Lunchlady Land your dreams come true
Clouds made of carrots and peas
Mountains built of shepherds pie
And rivers made of macaroni and cheese
But don't forget to return your trays
And try to ignore my gum disease
No student can escape the magic of Lunchlady Land
Hoagies & grinders, hoagies & grinders
Hoagies & grinders, hoagies & grinders
Navy beans, navy beans, navy beans
Hoagies & grinders, hoagies & grinders
Navy beans, navy beans
Meatloaf sandwich
sloppy joe, sloppy joe
sloppy joe, sloppy joe
sloppy joe, sloppy joe
sloppy joe, sloppy joe
Well I dreamt one morning
That I woke up to see
All the pepperoni pizza
Was a-looking at me
It screamed, why do you burn me
And serve me up cold
I said I got the spatula
Just do what you're told
Then the liver & onions
Started joining the fight
```

And the chop suey slapped me And it kicked me in the head It's called revenge Lunchlady Said the garlic bread I said what did I do To make you all so mad They said you got flabby arms And your breath is bad Then the green beans said You better run and hide But then my friend sloppy joe came And joined my side He said if it wasn't for the Lunchlady The kids wouldn't eatcha You should be shakin' her hand And sayin' please to meet ya She gives you a purpose And she gives you a goal You should be kissin' her feet And kissin' her mole Now all the angry foods Just leave me alone And we all live together In a happy home

Thanks to sloppy joe, slop, sloppy joe sloppy joe, slop, sloppy joe sloppy joe, slop, sloppy joe sloppy joe, slop, sloppy joe

Well me & sloppy joe got married We got six kids and we're doing' just fine Down in Lunchlady Land
