

## As the Gods Succumbed

Adramelech

In the dawn of time  
the golden age of peace  
in Valhalla  
will it ever come to an end?

The blows of destiny  
brought down on their heads  
tortured Gullveig  
the cause of the first wars

Balder  
now murdered  
the beginning of the ordeal  
the Twilight of the Gods

Era of warfare - hatred  
valkyries range in battles  
evil dreams - psychic torture  
trouble the sleep of the Aesir

Before the body of Balder  
the Aesir swear an oath  
to avenge bitterly  
the war broke out all over the Earth

Brother slay brother  
eager to destroy each other  
the world is going to sink  
into the abyss of nothingness

All the great gods died in the field  
the Earth sank beneath the sea  
as it emerged from the waves  
the dawn of a new generation was beginning...
