## **Provoked Behaviour**

Agathocles

There's no reason to hide my hate, Because when I'll be gone, it'll all be too late, The hatred in me is the system you made The reason I'm here is to make you all taste GONE PAIN ANGUISH AGONY TORTURE Still there's not less hatred in me Captured in life, can not be free Solution in hatred, solution in grief, That's why I want the mass to bleed.
