

The Way We Are

Aiden Grimshaw

If you find a way to tell me how you feel
I wanna understand exactly what you feel
You are here before and all the walls closed in
Now it's here I find just what you feel for me

Miserable romance
There's nothing but broken hearts
Love isn't perfect,
Perfect the way we are

If you think you found a perfect thing to say
I found back to give up barely
Screaming now
Now it's here I find just what you feel for me

Miserable romance
There's nothing but broken hearts
Love isn't perfect,
Perfect the way we are

Miserable romance
There's nothing but broken hearts
Love isn't perfect,
Perfect the way we are

Perfect the way up
This could be amazing
This could the way you have always played your heart

Miserable romance
There's nothing but broken hearts
Love isn't perfect,
Perfect the way we are

Miserable romance
There's nothing but broken hearts
Love isn't perfect,
Perfect the way we are
