

Radio

Airfare

Take my party on down to your town
If everybody knew my number, I'd be alone now
Got to give it a go and give it a whirl and I'll keep it so fine
and I'll play my rock n' roll into the night

Radio, whoa
Radio, gotta go

I will keep my secrets into the next life
If you wanna get down with lovin'
I think it's alright
Got to give it a go and give it a whirl and I'll keep it so fine
and I'll play my rock n' roll into the night

Radio, whoa
Radio, gotta go

Radio, whoa
Radio, gotta go
