```
Take my party on down to your town

If everybody knew my number, I'd be alone now

Got to give it a go and give it a whirl and I'll keep it so fin

e
and I'll play my rock n' roll into the night

Radio, whoa
Radio, gotta go

I will keep my secrets into the next life

If you wanna get down with lovin'

I think it's alright

Got to give it a go and give it a whirl and I'll keep it so fin

e
and I'll play my rock n' roll into the night

Radio, whoa
Radio, whoa
Radio, whoa
Radio, gotta go
