

Test

Airship

Come on take a trip outside
I know a place that we can hide
People always wanna look twice
I wish I could live with all their lies
Live with all their lies

You pick away from the outside
And now there's nowhere left to hide

Lover a friend of mine
Somewhere deep inside my mind
Sometimes I can't get out of bed
It's sad when I know that it's a test
When I know that it's a test

You pick away from the outside
And now there's nowhere left to hide

Our hearts still gleam like diamonds in the sun
You pick away from the outside
You've mined so deep
Now there's nowhere left to run
Now there's nowhere left to run

You pick away from the outside
And now there's nowhere left to hide
Our hearts still gleam like diamonds in the sun
You pick away from the outside
You've mined so deep
Now there's nowhere left to run
Now there's nowhere left to run
