

Reflected

Alice Cooper

Look upstanding with your head held high
You will be reflected
You look outstanding with your eyes in disguise
Just beyond your masks

Holy, Hollywood (he), it's divine
I'm surely glad, I'm surely all the time
And even though I'm, you will always hear

Very rarely worry utmost constantly
Could you be receptive
Our life's outstanding in a shower please
Wet my skids a plenty

Baby, what a day all over town
I'm surely glad, I'm surely all around
And even since I knew, it's all so clear

You will be reflected
You will be reflected
You will be reflected
You will be reflected, reflected

Yeah
