

Solution Time

Alien Ant Farm

Poem boy failure, be what you know
Keep us in line, with a vicious blow
Now this is future, predictable slow
Love you can be, even though

Can't do wrong, can't do right

Solution time, can't be on your own
Solution time, like the incredible

Forum girl nature, free this kites string
And it will bring...something wrong
And every wasted ride, you treat me wrong
Carmen seem wrong, in the way

Can't do wrong, can't do right

Solution time, can't be on your own
Solution time, like the incredible (2x)

You know rhythm grated rhythm (2x)

Solution time, can't be on your own
Solution time, like the incredible (2x)
