## **Solution Time**

## **Alien Ant Farm**

Poem boy failure, be what you know Keep us in line, with a vicious blow Now this is future, predictable slow Love you can be, even though

Can't do wrong, can't do right

Solution time, can't be on your own Solution time, like the incredible

Forum girl nature, free this kites string And it will bring...something wrong And every wasted ride, you treat me wrong Carmen seem wrong, in the way

Can't do wrong, can't do right

Solution time, can't be on your own Solution time, like the incredible (2x)

You know rhythm grated rhythm (2x)

Solution time, can't be on your own Solution time, like the incredible (2x)
