

Good Morning Little Schoolgirl

The Allman Brothers Band

Good morning little schoolgirl
Can I go home withca you
Tell your mama and your daddy
I'm a little school boy too
The way I loved you this morning
Just can't help myself
So young and pretty
Don't need nobody else
Good morning little school girl
Can I go home withca you

Gonna leave here baby
Just about the break of day
On a kinda how you treat me
Oh I gotta stay way
Here come on school girl
Can I go home withca you
Oh tell me baby, don't know what to do
Good morning little school girl
I go home withca you

Oh gonna buy myself an airplane
Fly all over your town
Tell everybody baby
Oh the way you put me down
Well I said come here school girl
Can I go home withca you
So young and pretty
I don't know what to do
Good morning little school girl
Can I go home withca you
Can I go home withca you
Can I go home withca you
Can I go home withca you
Can I go

Good morning little school girl
Can I go home withca you
Tell you mama and your daddy
I'm a little school boy too
Way I love you this morning
Just can't help myself
So young and pretty, don't know what to do
Good morning little school girl
Can I go home withca you
