

# Magic Forest

Amberian Dawn

Just moments before the dawn  
It's their time to go  
One look and  
They entered the magic forest  
They're left alone

A strange weight surrounded them  
It felt like burned ice  
All branches  
Like fingers they reach to catch them  
Leaving their marks

"Hey you little songbirds  
Come here little songbirds  
We see you little songbirds  
And we'll keep you"

Run for your life  
She's getting closer  
Run for your life  
You hear her breathing  
Run for your life  
Her army's marching  
Run for your life  
You feel her seeking  
Reaching you, hunting you  
Hunting all of you

They run deeper into the woods  
They wished they could fly  
In the moonlight  
They saw those lurking soldiers  
Creeping by

Her hunters were whispering  
And humming an old tune  
Like rolling they passed those little seekers  
Leaving them alone

"Hey you little songbirds  
Come here little songbirds  
Where are you little songbirds  
Come we'll keep you"

Run for your life  
She's getting closer  
Run for your life  
You hear her breathing  
Run for your life  
Her army's marching  
Run for your life  
You feel her seeking  
Reaching you, hunting you  
Hunting all of you

"Oh dear children,  
Who has brought you here?"

Do come in and stay with me.  
No harm shall happen to you!"

Run for your life  
She's getting closer  
Run for your life  
You hear her breathing  
Run for your life  
Her army's marching  
Run for your life  
You feel her seeking  
Reaching you, hunting you  
Hunting all of you
