

# We Are Destroyer

Anberlin

We're creatures of indecision, easily undone,  
Caught inside collisions under a dying sun.  
Take our time for granted, entitled in this life.  
Entertain us now, we're owed everything in sight.

Give us what we want,  
What we don't want to earn  
Give us what we think we need  
But we don't wanna learn

In just a matter of minutes,  
Just a matter of time,  
We could lose it all, we could lose it all.  
If all we are is just what we've earned,  
We are the destroyers.  
Stop and take it in,  
Think it through now.  
Treadlight on our future.  
If all we are is just what we've earned,  
We are the destroyers.

We seek tomorrow's sun  
It's all for the taking here.  
Only the valiant survive,  
Live for better years.  
Shut up and actually try  
No one can help us now  
It's us against the tides,  
And will be 'til we die.

No one gives you what you want  
Don't get what you don't earn  
Can't have what you need,  
Only what you deserve.

In just a matter of minutes,  
Just a matter of time,  
We could lose it all, we could lose it all.  
If all we are is just what we've earned,  
We are the destroyers.  
Stop and take it in,  
Think it through now.  
Tread light on our future.  
If all we are is just what we've earned,  
We are the destroyers.
