

# Secrets In The Mirror

Andragonia

You're leaving this simple life in which you lived a step behind yourself  
Besides the living shadows a destiny you cannot escape

A strange voice surrounds you  
Scenes of horror inside your head  
Madness wals beside you  
Through roads of despair

Tonight you'll see  
Through me you'll come to live  
No pain, no fear  
Scars won't appear after a dream  
Closed your eyes on the mirror  
Secrets under lock and key

Besides the obvious!  
Besides the living shadows!  
Kill the locked face off in your mind!  
Because it conspires against your extinction!

"Everyday we walk through the same streets  
We live like ghost, meeting disposable faces  
In this dull metropolis  
We meet a bed of roses in an oceans of lies  
And that's that we call... living"

Pain and sorrow are too much  
I live in anguish and times going by  
You took my paradise  
I'm without a soul, without you, blurred in sin  
The flame that warmed us, now is burning  
Cause I can't feel it!  
I can't escape from myself  
No scared wounds take me inside  
All the time I cry  
All the time I bleed  
All the time they lie  
All the time I die  
You gotta believe me  
'Cause all the things I say come from inside...  
...from my heart, my mind and my soul

"And everytime I felt your pain, and I know how much it hurts  
It's been hurting your soul, so as mine secrets in the mirror, the lock and  
the  
keys are inside you"

"Wait! Leave me alone! I'm going mad!  
I hate you!  
I'm tired of hearing this voice!"

"I feel your pain, your love and your anger!!  
Do you trust me?"

"I'll trust you!"

"Come on!"

Everything that hurts you  
(Everything that hurts you)  
Everything is out control  
(Everything is out control)  
Those things won't leave your mind  
(Those things won't leave your mind)  
They took away your bright eyes  
Some other face controls you inside

Tonight you'll see  
Through me you'll come to live  
No pain, no fear  
Scars won't appear after a dream  
Closed your eyes on the mirror  
Secrets under lock and key
