

Ahhh Good Country

Animal Collective

I thought our brother
It should be a leader
Who kept them all in green and red
Should not be allowed to be free

Cause this land of mine beats still
The place would rise above us
To tear your roots up out the earth
And man-made fruits don't

Ahhh good country
Seeds above us
Kiss this child and he'll surely wake up
I don't care if
I don't wake up
You'll kiss me and I'll surely wake up

Ahhh good country
Trees above us
Mountain lions gonna surely wake up
Child won't fret if
He does wake up
You'll see me and we'll surely make up

Ahhh good country
Seeds below us
Kiss this child and he'll surely wake up
Don't you fret if
I will wake up
They'll see you then they'll surely make up
