

Body Brain

Anouk

Well you know I've got this problem
'Cause there is you
No matter how I try to tell you just can't see
Oh no, I won't get through

You've got a body and a brain

Instead of pointing to another
Take a look at yourself
Why don't you just use that thing inside your head
And try to tell me why

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away

I'm sure I'll never solve this problem
But I hope you will
I'll speak my mind and tell you time and time again
Though I won't get through

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away
Blow your fears away

Time and time and time and time again
But I can't get through baby
Let me explain

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away
