Well you know I've got this problem
'Cause there is you
No matter how I try to tell you just can't see
Oh no, I won't get through

You've got a body and a brain

Instead of pointing to another
Take a look at yourself
Why don't you just use that thing inside your head
And try to tell me why

You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away

I'm sure I'll never solve this problem
But I hope you will
I'll speak my mind and tell you time and time again
Though I won't get through

You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away
Blow your fears away

Time and time and time again But I can't get through baby Let me explain

You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away
