Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Your consciousness is The only censorship Your consciousness is The only censorship

You wake up You shut down You wake up You shut down

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Love is a virus

It breaks your system from within

Love is a virus

It breaks your system from within

Your consciousness is The only censorship Your consciousness is The only censorship

Time is a jet plane
My life is burning up
Time is a jet plane
My life is burning up

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

You wake up You shut down You wake up You shut down

Your consciousness is The only censorship Your consciousness is The only censorship
