

## Heart Design

### Aqueduct

You can telephone all over the world  
Giving everything you've got to give up  
For sure, that you've found the right girl

You can wonder why you make yourself sick  
You can fight it but this feeling its starting to stick  
Well it must be assigned  
That my heart is my own design

Take me to a watery grave  
Never to be heard from again  
Well I swear that I'll still be there  
I wish I could be better to you  
I don't want to make you think that

My heart is untrue  
Well it must be assigned  
That my heart is my own design  
When it's all over

For my heart is my own design  
And I hope that you keep that in mind  
When it's all over.
