

## Nail It Down

Attacker

Four beasts in one man  
Soaring down  
Shrieks aloud  
Fate steals with silent tread  
We lived a thousand deaths

By the throat nail it down

Three beasts in one man  
Grotesque enigma  
Danger gathers  
Treasures rise  
A fortnight now it's time  
By the throat nail it down  
Crush its spine nail it down

Two beasts become one  
We've fed off our fright  
Now unmasked, now revealed  
It's no worse than you or I
