

Pour Your Love Down

Audio Adrenaline

We're worlds apart
The distance between us is just too great
Draw me close
Let me know You're near

The reason we sing is to bring down Your glory
Show us your face

R: Pour your love down
And cover me
Pour your love down
And cover me

At Your feet I bow down and know that You are my King (my King)
The weight of life gets swept away

The reason we sing is to bring down Your glory
Show us Your face
Show us Your face

R:

In this moment I feel so along
When You pour Your love down
Pour Your love down and cover me

R: (3x)

Cover me with Your love
Pour Your love down and cover me
