

Give Me All Of You

Austin Mahone

I know they don't like what we're up to
I'll hold you down you come right now it's all for you
They don't see what we've got like we do
Don't hate it now we run around they don't have clue

And all I know when it's time to go
Is that all I need for you to
leave with me leave with me

oh oh oh

Want to pick you up
And All night I been waiting
And we hop up in my truck
We roll out and we're racing
Our time really aint enough and
You know how I'm impatient
I'll make you feel brand new
Just give me all of you

And I don't know if this is love
But our hearts aint for playing
But I can't get enough
Talk crazy I'm just saying
I just hope its aint too much
But what we got here is amazing
I'll make you feel brand new
Just give me all of you

Baby lets just take control tonight
I'm in your zone so take me home
The time is right
All the time of mine that I put in
They ask me why I can't deny
It's all for you

And all I know when it's time to go
Is that all I need for you to
leave with me leave with me

oh oh oh

Want to pick you up
And All night I been waiting
And we hop up in my truck
We roll out and we're racing
Our time really aint enough and
You know how I'm impatient
I'll make you feel brand new
Just give me all of you

And I don't know if this is love
But our hearts aint for playing
But I can't get enough
Talk crazy I'm just saying
I just hope its aint too much
But what we got here is amazing

I'll make you feel brand new
Just give me all of you

Just give me all of you
Just give me just give me
Just give me all of you
J-J-J-Just give me all of you
Just give me just give me
Just give me all of you
