

Lie About Us

Avant

Baby, I know when we started out
there were things you didn't know
But baby girl
We got a lotta things we need to discuss
I know I'm asking for a lot but just trust

You say that things gettin' old
sneakin' round creepin' and love on the low
But baby girl
I can't wait till it's officially us
I can't wait to let them know about us

First I thought that I could take you boy
but I don't know (I don't know)
You told me you were gonna leave her for me
long ago (long ago)

Eventually I will but I just gotta take it slow
Don't wanna break her heart although I gonna let her go
so baby!

So please don't say you wanna give up
How do I tell her that I'm fallen in love
And I know you wait patiently for that day
When we no longer have to lie about us..

When I walk around all I want is your touch
And when you call me I don't wanna hang up
And I know I say it often but I can't wait
till we no longer have to lie about us

Baby I know, situation don't seem fair to us both
But baby girl
She's an issue that I'm bout to adjust
Don't mistake our love is meant for just us

You are my soul (mind, body, spirit); all that I know
But babygirl
I can't wait till it's officially us
I can't wait to tell the world about us

First I thought that I could take you boy
but I don't know (I don't know)
You told me you were gonna leave her for me
long ago (long ago)

Eventually I will but I just gotta take it slow
Don't wanna break her heart although I gonna let her go
so baby!

So please don't say you wanna give up (please don't say!)
How do I tell her that I'm fallen in love
And I know you wait patiently for that day
When we no longer have to lie about us.. (longer have to lie!)

When I walk around all I want is your touch
And when you call me I don't wanna hang up (baby I don't)

And I know I say it often but I can't wait
till we no longer have to lie about us

Baby won't you wait (wait...for...me) just a little bit, just a little bit j
ust a little bit longer, longer
(wait...for...me) Just a lil bit, just a little bit, just a little bit longe
r, longer (I wan't you to wait)

So please don't say you wanna give up
How do I tell her that I'm fallen in love
And I know you wait patiently for that day
When we no longer have to lie about us..

When I walk around all I want is your touch (ooh, baby)
And when you call me I don't wanna hang up
And I know I say it often but I can't wait
