Riot

Azealia Banks

We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot

Hold up, hold up, this is where I go
This cause a scene and you're the reporter
We got a riot on our hands
Shit's no fun without the glam
I like unrest, understand?
I like conflict and command
I like guzzling the apple-ton
I like battle hand in hand

I'm not afraid to fight
Any time the fire rises
Come on everybody, body (Follow, follow)
We gon' get it started, started (Let go, let go)
Come on everybody, body (Follow, follow)
We gon' get it started, started (Let go, let go)

We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot

Hold up, hold up, fire starter
Say the wrong thing and get yourself slaughtered
How many fists would it take to lean
And send that bitch back to Babylon
I like unrest, understand?
I like being in demand
You'll be dealing with the consequence
You'll be leaving in the ambulance

I'm not afraid to fight
Any time the fire rises
Come on everybody, body (Follow, follow)
We gon' get it started, started (Let go, let go)
Come on everybody, body (Follow, follow)
We gon' get it started, started (Let go, let go)

We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot

We can start a riot, we can start a riot

We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot
We can start a ri-i-i-iot, start a riot
We can start a ri-i-i-iot, start a riot
We can start a riot, we can start a riot, riot
We can start a riot, we can start a riot
