

I Don't Know Her Name

Bad Boys Blue

I'm living in a lonely world now.
She crossed my heart in the heat of the night.
I've been waiting far too long now.
Since I've tasted her love.
Sweet as red summer wine.
That night she took my breath away.
But then she left before the break of day.

But I don't know her name.
But I do know that I want her forever.
I want her back again.
For I do know that I cannot forget her.

I close my eyes and think about her.
I remember every word that she said.
Another restless night without her.
And I feel love's sensuality she had.
That night she took my breath away.
But then she left before the break of day.

But I don't know her name.
But I do know that I want her forever.
I want her back again.
For I do know that I cannot forget her.
