

# Tell Me Tomorrow

Bananarama

Tell me tomorrow:

There's something in the air tonight  
You make it real, you make it right  
It's what you do to me  
Coz I'm a girl who's hard to please  
Don't fall in love that easily  
But you shot your arrow through my heart

[Chorus:]

Tell me tomorrow you'll be here  
Tell me tomorrow this is real  
Do you feel, like I feel  
In your arms  
Tell me tomorrow I can't wait  
Tell me tomorrow that you'll stay  
Do you feel, like I feel  
In your arms

You know you got me hypnotized  
When your body's close to me  
You know you leave me breathless  
I'm falling fast, I'm sinking deep  
The way you haunt me in my dreams  
And I can't get you off my mind

[Chorus]

Tastes so sweet  
Like honey  
You're all I need  
Keep it coming  
Do you feel, like I feel  
In your arms  
Dance with me  
To the rhythm  
Feel the heat I'm burning up  
Do you feel, like I feel  
In your arms

[Chorus]
