

Back In The Game

Barclay James Harvest

Just a picture
Taken back in '65.
We were young than,
It seems so long ago.
Play it one time
Spirit of the '70's
Live forever.
Lead me on.

Oh those crazy nights,
We'd spend our lives, Living in a rock'n'roll dream.
Oh those days are gone,
Time moving on,
Make me feel that I want to be,
Back in the game again.
(Take me where the music's playing, where
There's no tomorrow.
High upon those summer nights if I could be)
Back in the game.
Vision of the past.
Re-awake the heartbeat of a generation,
We thought the years had lost.

On those crazy nights,
We'd spend our lives,
Living in a rock'n'roll dream.
On those days are gone,
Time moving on,
Make me feel that I want to be,
Back in the game again.
(Take where the music's playing.
Where there's no tomorrow. High upon those
Summer nights if I could be)
Back in the game again.
