

## Sound Of Your Voice

### Barenaked Ladies

The moon is full but there is an incompleteness  
The days are beautiful but I feel a bitter sweetness  
If I had a wish, or even a choice  
I'd wake up to the sound of your voice  
How I miss waking up to the sound of your voice

I let you down and fell right off of your good list  
I hope each day you'll find peace and forgiveness  
The alarm clock rings, What a lonely noise  
And I long for the sound of your voice  
Oh, how I miss waking up to the sound of your voice

Take it from me: there's not much to see  
In this void

The saying goes there will be other dances (don't give up)  
This little song is about second chances  
Just say the word and I will rejoice  
And wake up to the sound of your voice  
Oh, how I miss waking up to the sound  
To the sound (sound)  
To the sound (to the sound)  
To the sound  
Waking up to the sound of your voice

Take it from me: there's not much to see  
In this void
