

When Will You Be Mine

Bay City Rollers

I've been hurt by you
I've been loved by you
When oh when will you be mine
I've been sold by you
Now I'm sold on you
When oh when will you be mine?
I've seen that look in your eyes late at night
But I wait for the day you'll say I do
And make it right
I've seen that look in your eyes late at night
But I wait for the day you'll say I do
And make it right
I've been wanting you
I've been needing you
When oh when will you be mine (repeat and fade)
