Dracula

Bea Miller

Here is my story, I've got my type Tattoos and skinny jeans, black boots and piercings A public enemy

Not Cinderella, still got my shoes I like the animal, the supernatural Maybe I'm crazy but

If you were Dracula Are you ready to take that bite Hot and hazardous Like playing with dynamite Yeah I want Dracula Forever be young and wild Dark and dangerous Yeah I love, I love the tragically beautiful

I am a night owl, I've come alive I'll make the sun go down so I can see you out Straight to the underground

I like the broken, imperfect rules That's why youre wonderful, it's undeniable I might be crazy but

If you were Dracula Are you ready to take that bite Hot and hazardous Like playing with dynamite Yeah I want Dracula Forever be young and wild Dark and dangerous Yeah I love, I love the tragically beautiful

Only one kiss, only one Only one kiss, you'll be k-k-k-k-killing me Only one kiss, only one Only one kiss, you'll be k-k-k-killing me

If you were Dracula Are you ready to take that bite Hot and hazardous Like playing with dynamite Yeah I want Dracula Forever be young and wild Dark and dangerous Yeah I love, I love the tragically beautiful
