## **Being Gabriel**

**Biffy Clyro** 

The clouds disperse, there's a rainbow With big eyes looking so pure That say everything about everything Been given the chance to grow old No one will be more loved than him, cause he's caught by the sa fest of hands If he cries tears will be wiped away, by the ones who created t his man Asleep in a tender world, waiting for... he sleeps in a perfect world, waiting for... I wish I was as good as you
