

Let Us Love

Bill Withers

On just an old ordinary day
No reason, no reason for a fuss
But even though it isn't Christmas
Let us love one another, let us love

On just a day, just a day
No special name, no pretty presents
Pretty presents to exchange
Make it a good day just the same
Let us love one another, let us love, yeah

No special greeting, special greeting for today
No Happy Easter, no Merry Christmas
Only how are you today
Make it a good day anyway

Let us help one another
Help your neighbor
He's your brother

Let us love, let us love
Hey now, let us love
Love one another

Help your neighbor
He's your brother
Let us love

Now let us love
Love one another
Help your neighbor
He's your brother

Yeah, you might not
Feel so good sometimes
Want you to still be
A friend of mine

Hey, now let us love
Love one another
Help your neighbor
He's your brother

Hey, let us love
Let us love, yeah
Now let us help
Help one another
Love your neighbor
He's your brother

Now let us love
Y'all help us out a little bit

Hey, now let us love
Now let us love
Hey, now let us love
Love one another

Help your neighbor
He's your brother

Now let us love
Now let us love
Appreciate y'all coming out
Thank you

Bill Withers, ladies and gentlemen
One more time, Bill Withers
Let's hear it for Bill Withers

Let us love one another
Help your neighbor
He's your brother
Now let us love, let us love
Now let us love
