With my qualifications
With my qualifications
I could get me a job walking a dog
Chopping a log, cleaning a bog

With my qualifications
With my qualifications
I could see myself stacking a shelf
As a sales assistant at Do-It -Yourself

With my qualifications
With my qualifications
My brother worked night and day
At the Eurostar Terminal

And the government gave it away So what's the point in university? For three years I read philosophy Now I read barcodes all day long

Beep-beep-beep sings that check-out song With my qualifications
Talking bout my qualifications
Would you like to see my Ph.D.?

My BSE? My GCSE? I gotta first in physics so I ought to know If your fries are for here or to go
