Jerusalem

Black Sabbath

The highway's screamin', callin' out your name Cause every road that you travel on There's a price to pay
A thousand eyes are starin'
But the blind still lead the blind

Where will you turn if it all goes wrong and you're on the run Jerusalem?

You say you walked through the valley You say you've seen the signs Echoes call you from a distant age Or is it in your mind?

Then a thousand souls rise from the sea Holding up the sun
And an angel cries 'beware your lies'
It could be the end of it all

Where will you turn if it all goes wrong and you're on the run Jerusalem?

Everybody knows your name, every road leads to anger Will it always be the same, is there reason to return?

Where will you turn if it all goes wrong and you're on the run Jerusalem?

When an angel cries - Jerusalem Better watch your lies - Jerusalem When an angel cries - Jerusalem
