

# Stepping Stones

BlackHawk

Well it used to be  
That you couldn't tell me anything  
Just another young fool  
Who thought he knew it all  
I was runnin' hard and fast  
Thinkin' I was invincible  
'till I hit the wall  
I hit the wall

[Chorus]  
And I need you now  
Like I needed you then  
To help me get back up  
On my feet again  
Only you  
And you alone  
Can turn my stumblin' blocks  
Into steppin' stones

Well you stood by me  
When everyone else had written me off  
And you stayed with me  
For reasons I'll never know  
Surrounded by troubled waters  
I was all but lost  
You were my bridge across  
My bridge across

[Chorus]

All the times  
I stumbled down  
You lifted me up  
To higher ground

[Choarus]

Turn my stumblin' blocks  
Into steppin' stones  
Steppin' stones  
Steppin' stones  
Steppin' stones
