## In The Morgue Of Lucy Sanders

## **Bloodsucking Zombies from Outer Space**

In the morque of Lucy Sanders
It aint so new to me
It's haunted atmosphere has heared so many of my screams
I will always remember beautiful Lucy
Touched for the first time by her - this lovely banshee
I grow in the blood of my sacrifices
Tear your beautiful body into pieces
My hands follow no longer my commands
My brain thinks no longer my thoughts
The only thing I know for, this is my last warning
Darling
I want to be beside you
Ref.: In the morque of Lucy Sanders
Your blood drops down on me

In the morque of Lucy sanders
Where no-one can hear you scream
Should never hav listened to so-called friends
Seams like the nights about to end
Frustration, pain and fear
Screams and Shouts that nobody can hear
Anyway here I am in my craveyard, where dead people lie
Wondering, weather they will come out watch me die.
Ref.: In the morque of Lucy Sanders
Your blood drops down on me
In the morque of Lucy sanders
Where no-one can hear you scream
