

Weekend In Karlskrona

Booze & Glory

The sun doesn't shine anymore
Its been pissing off with rain
Were on our way to fucking learn
Who's pissing on again on the plane
Ready to a dream were so exited
We didn't know what to expect
It was a weekend full of memories
And time we'll never forget

Oi! Weekend in Kalskrona
Thank you boys we had a great time
When all the skinheads are back in town
Stay at home to save your life

Oi! Oi! Weekend in Kalskrona
Thank you boys we had a great time
When all the skinheads are back in town
Stay at home to save your life

T-shirts seen yellow and blue
Face is covered in tattoos
There all together the drunk and proud
And this is Swedish skinhead rules
Shops closing early and booze fucking beer
You never have enough police
Pay the scar for the bread and the beer
Why would you ever escape boys
