

Sunshine

Brian Wilson

You shouldn't be afraid to call
I really wouldn't mind at all

Here's my number, number one
Dial it, honey, let's have some fun
Oh yeah, oh yeah

Sunshine
Can't get enough sunshine
I'm following the sunshine
Beating down on me

I never even mind the rain
But life's really driving me insane

Here's my story, sad but true
Things are better when skies are blue
Oh yeah, oh yeah

Sunshine
Can't get enough sunshine
I'm following the sunshine
Beating down on me

Baby, don't be afraid to call
Baby, don't be afraid at all
