

# Anthem

## Bring Me the Horizon

This is an anthem, so fucking sing  
A dedication to the end of everything  
This is an anthem, so fucking sing (So fucking sing)  
A dedication to the end of everything

Someone call an ambulance, I got wounds to attend  
Someone call a doctor, I fear this is the end  
This happens all the time  
This happens every day  
But I never seem to quit  
The wolves never stay at bay

I hate to say "I told you so"  
But fuck it, I told you so  
And don't say a word, I already know

This is an anthem, so fucking sing  
A dedication to the end of everything  
This is an anthem, so fucking sing (So fucking sing)  
a dedication to the end of everything

Someone call an exorcist, and help me kill this curse  
I can't stop the bleeding, and it's only getting worse  
This happens all the time  
This happens every day  
But I never seem to quit  
The wolves never stay at bay

No, they don't stay!

I hate to say "I told you so"  
But fuck it, I told you so  
And don't say a word, I already know  
I already know

This is an anthem, so fucking sing (So fucking sing)  
A dedication to the end of everything

Yeah  
Get the fuck up  
This is it, the sound of giving in  
Yeah  
Get the fuck up  
This is it, the end of everything

Tastes so bitter, feels so sweet  
Lost in a dream, never fell asleep  
Tastes so bitter, feels so sweet  
I've come back to old remedies

This is an anthem, so fucking sing  
This is an anthem, so fucking sing

This is an anthem, so fucking sing  
A dedication to the end of everything  
This is an anthem, so fucking sing (So fucking sing)  
A dedication to the end of everything

To the end of everything

This is an anthem, so fucking sing  
A dedication to the end of everything

"I feel like my heart is being touched by Christ"
