

# Unusual You

Britney Spears

Nothin' about you is typical  
Nothin' about you's predictable  
You got me all twisted and confused  
(It's so you)  
Up 'til now, I thought I knew love  
Nothin' to lose and it's damaged 'cause  
Pattern to fall as quick as I do  
(But now)

Bridges are burnin'  
Baby, I'm learnin'  
A new way of thinking now  
Love, I can see  
Nothing will be  
Just like it was  
Is that because

Baby, you're so unusual  
Didn't anyone tell you you're s'posed to  
Break my heart, I expect you to  
So why haven't you?  
Maybe you're not even human 'cause  
Only an angel could be so unusual  
Sweet surprise I could get used to  
Unusual you

Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah

Been so many things when I was someone else  
Boxer in the ring, tryin' to defend myself  
And the private eye to see what's goin' on  
(That's long gone)  
When I'm with you, I can just be myself  
You're always where you say you will be  
Shocking, 'cause I never knew love like this  
Could exist

Tables are turnin'  
My heart is soarin'  
You'll never let me down  
Answer my call  
Here after all  
Never met anyone  
Like you

Baby, you're so unusual  
Didn't anyone tell you you're s'posed to  
Break my heart, I expect you to  
So why haven't you?  
Maybe you're not even human 'cause  
Only an angel could be so unusual  
Sweet surprise I could get used to  
Unusual you

Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah

Can't believe that I  
Almost didn't try  
When you called my name  
Now everything is changed

Baby, you're so unusual  
Didn't anyone tell you you're s'posed to  
Break my heart, I expect you to  
So why haven't you?  
Maybe you're not even human 'cause  
Only an angel could be so unusual  
Sweet surprise I could get used to  
Unusual you

Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah  
Ah-ah, ah ah
