

Save Me

Bubbles

It will be alright, it will be alright.
Spend most of my time,
Hanging out with friends, going to the movies.
Every ones in a while,
Someone thinks I'm tuff, but they don't really know me.
Soft on the inside, soft when I'm with you.
Cause you
Save me when I'm in too deep.
You save me when I'm out of reach.
You're the one I run to in the pouring rain.
You're the one that makes me feel I'm home again.
Save me, save me, don't let me go.
There's only you here to save me.
I pick up phone, feeling like to party,
I don't wanna be alone.
When I make up my mind.
I get what I want. That's a different story.
Soft on the inside, soft when I'm with you.
You're always there. When I'm lying lonely in dispair.
You're always there.
Looking in the mirror, my body starts to shiver.
You're always there.
Hold me in your arms and tell me it will be alright.
You save me when I fall apart I'm in too deep.
You save me when I hit the ground I'm out of reach.
You save me when I'm standing in the pouring rain.
Save me, save me once again.
You save me when I fall apart I'm in too deep.
When I hit the ground I'm out of reach.
You save me when I'm standing in the pouring rain.
Save me, save me once again.
Save me, save me.
Save me, save me. Don't let me go,
There's only you here to save me.
