

Darling You Can Depend On Me

Buck Owens

When you're deep in desperation filled with panic frustration
Sinking low in the depths of despair
When the world seem out to hurt you when your so call friends d
esert you
Reach for me little darling I'll be there
Let me put my arms around you let me hold you closer to me
Let me kiss away your troubles darling you can depend on me

When you wake in the morning and without any warning
You find that your whole world is disappeared
Suddenly you are facin' that most helpless situation
Reach for me little darling I'll be there
Let me put my arms...
Darling you can depend on me
