

I'll Give My Heart To You

Buck Owens

If you'll hold me close and kiss me promise that you'll always
miss me
Say you'll never never never be untrue
If you swear you'll always love me and you'll place no one above
me
Well then I'll give my heart to you
If I'm number one in your heart if you're sure that we'll never
part
If you're ready now to make my dreams come true well then I'll
give my heart to you
If you'll hold me close...

Well if you're all through painting the town if you're ready now
to settle down
If you're sure I'm the only one for you well then I'll give my
heart to you
If you'll hold me close...
